The Highlander Marching Band raises funds to support music opportunities for the students including trips, clinics, and to run their annual marching band pageant. In 2014 the band will visit Edinburgh, Scotland. This destination is near the birthplace of Robert Livingston, the grandfather of NJ's first governor (William Livingston elected in 1776), from which the school gets its name.

This past season was an exciting one for the Highlanders as they placed first at the Atlantic Coast Championships in the Group 1 Open category. The Highlanders were also Chapter 10 (North Jersey) and New Jersey State Champions.
